To Whom It May Concern,

I'd like to communicate my thoughts on the Microsoft case. I think this case has gone far enough and don't want any more of my taxes to pay for this. This government intrusion into private business is not what I pay taxes for. It has already cost the taxpayer way too much and should be stopped. Let free enterprise work. I don't want to support a bunch of government attorneys who have nothing better to do than make life difficult for those that succeed.

Sincerely,

Kathie Gregory
